

**University of Iowa**  
**PathForward – Annual Work Plan including Annual Progress Report**  
**2018**

The [Path Forward Steering Committee \(PFSC\)](#), composed of leaders of UI shared governance, has been created to advance the implementation of the [UI Strategic Plan \(UISP\)](#). The PFSC has convened four work groups that will develop specific, actionable recommendations to the president and other responsible campus decision-makers on how to accomplish the goals of the UISP. To focus their efforts, the PFSC and its work groups have developed annual work plans that include prioritized critical tasks, objectives, and tactics, and have identified those responsible campus individuals or entities. The four work groups are: [\(1\) Student Success](#); [\(2\) Research and Discovery](#); [\(3\) Engagement](#); and [\(4\) Diversity, Equity, Inclusion, and Collaboration](#). The work plans emphasize activities that are achievable, measurable, and promote the vision and goals of the university. Each of the four work groups has chosen critical tasks (from the UI Strategic Plan) on which to focus during the calendar year. The work groups have identified objectives and tactics to guide progress on the prioritized critical tasks within the coming year. These objectives might be achievable in a one-year timeframe or aspirational with specific annual benchmarks to measure progress toward achievement of the objectives within a two- to three-year period.

**STUDENT SUCCESS -- Our goal is to provide a transformative educational experience that educates all UI students to be engaged citizens.**

We can provide a transformative educational experience if we <i>prepare students to be experts in their discipline and leaders in their fields.</i>
